A letter of recommendation

From 2014 to 2016 "Alumstroy", LLS company was contracted by AO "Expoforum" to realize complex facade work for new exhibition and trade complex "Expoforum".

The works were made in accordance with the applicable local building standards and regulations, according to the specifications and the contract conditions, with the expected quality and in time. "Alumstroy" took into account the wishes of the Customer during the whole period of works as much as possible, used modern materials and progressive technologies in the implementation of the facades.

The main feature of "Alumstroy" company is the highly qualified staff, quickly and efficiently solving all questions and tasks.

We look forward to further cooperation and recommend "Alumstroy", LLS as a reliable partner able to implement projects with any level of difficulty.
